

The West Columbia Little League offers hundreds of kids in the areas the opportunity to play Little League Baseball, where they learn fundamentals of the sport, as well as the concepts of sportsmanship, team building, honesty and a good work ethic. More importantly, it helps build the foundation for our youth to become health conscientious and disciplined.

Unlike many area Little Leagues, we do not have access to county or municipal facilities and are forced to fund maintenance, repairs, and improvements to our own facilities, through fundraising efforts such as this. There are many ways for you to support WCLL.

We thank you for your support of West Columbia Little League.
